Saint Augustine Chapel and Cemetery

The Saint Augustine Chapel is the oldest surviving Catholic Church in Massachusetts and the Saint Augustine Cemetery is the first Catholic Burial Ground in Boston.

The Saint Augustine Chapel and the Cemetery each are the product of an extraordinary priest, the Most Reverend John Louis Ann Magdalen Lefebvre de Cheverus (1768-1836), the first Catholic Bishop of Boston. Bishop Cheverus established the Saint Augustine Cemetery in 1818 for the interment of his beloved friend and faithful helpmate in the organization of the Catholic Church in New England, the inspirational Father Francis Anthony Matignon (1753-1818).

Less than a year after the cemetery was established Bishop Cheverus built the Saint Augustine Chapel as a mortuary chapel to honor Father Matignon siting it so that the grave was just opposite of the Chapel door. When Bishop Benedict J. Fenwick, SJ who succeeded Bishop Cheverus as the Second Bishop of Boston in 1825, enlarged the church in 1831, he moved the gravestone of Father Matignon to the episcopal side (right) of the present altar and indicated the location of his grave as sixteen feet in front of the altar.

There are many persons of interest buried both inside the Saint Augustine Chapel and in the Saint Augustine Cemetery. Opposite the gravestone of Father Matignon on the gospel side (left) of the altar is the large gravestone of the Reverend Monsignor Denis O'Callaghan (1841-1913), the last priest to be buried within the Chapel. Invested as a Monsignor in 1901, Monsignor O'Callaghan, the much-loved pastor of the Church of Saint Augustine from 1868 to 1913 was the man responsible for repairing the Saint Augustine Chapel and re-opening it as a regular place of worship from 1868 to 1871. Twenty-three other priests born in widely separated areas of the United States lie buried in the red brick vaulted floor, all influential in promoting the growth of Catholicism in Boston. Sister Saint Henry, OSU an Ursuline nun, was buried beneath the chapel floor in an unknown location in 1834, her funeral attended by five thousand mourners.

Among other notables buried in the Saint Augustine Cemetery are Father Thomas Lynch, the first pastor of Saint Patrick Church on Northampton Street and from 1833 to 1836 the resident priest at the Saint Augustine Chapel. Father Thomas J. O'Flaherty (died 1846) monument stands just outside the Chapel door, honoring the learned Salem priest, physician and editor of The Pilot who held a famous religious controversy with Reverend Lyman Beecher in 1831. The talented journalist-businessman and founder of The Pilot, Patrick Donahoe (died 1901), also lies in the Cemetery; Robert Magner (died 1823-25), nephew of John Magner in whose tomb Father Matignon was temporarily interred, and one of the principal donors to the Church of the Holy Cross is buried in the Saint Augustine Cemetery along with Thomas Murray and first sexton of the Saint Augustine Chapel and close friend of Father Matignon and Bishop Cheverus. Two additional interesting figures are Jack Barry (died 1890), color sergeant for the Ninth Regiment of the Massachusetts Volunteers, Civil War veteran and the first Irish policeman and Father Dennis S.A. Mahony (1850-1911), founder of the Working Boy's home in Chicago. Also buried in the Cemetery are the parents of both the third Bishop of Boston, John Bernard Fitzpatrick, and the fourth Bishop and first Archbishop of Boston, John Joseph Williams.

Eastern Catholic Churches

The Roman Catholic Church is a worldwide family of Churches. This family has two large branches — Eastern and Western, and within each of those there are several further groupings.

The Western branch consists of the Latin Church, the Ambrosian Church and the Mozarabic Church. The Latin is the largest of the western churches and of all the Roman Catholic Churches in the world.

The several Eastern Catholic Churches fall into one or another of several large traditions: Alexandrian, Antiochean, Armenian, Chaldean or Byzantine.

Those Eastern Catholic Churches designated with an * before them have parishes or missions here in the archdiocese and are listed on the following pages. While each is within the territory of the archdiocese, each has its own eparch (diocesan bishop).

CLIENT TESTIMONIALS

We couldn't be happier with our new Math, Science and Technology Wing and over all renovations to our campus. Internally our school looks brand new. I highly recommend Steve Habeeb and his Associates from developing your Master Plan through completion of the final project. They were always available for any unforeseen circumstances. The staff is highly professional and wonderful to work with.
Sarah J. Adanti, Advancement Director, East Catholic HS

Now that the Rectory construction is complete I wanted to take a moment to thank you for the wonderful design work you provided, not only on this project, but also on the construction of the kitchen and the lower church. ... I believe any parish or school will be fortunate to have you serving as their architect or planner for their projects.
Father Christopher Hickey, Saint Mary's Parish

...Our experience with Habeeb & Associates has been very positive. The initial assessment was honest and complete. The design for the addition is well done and works well with the existing building. Deadlines are always met...
Sister Barbara A. Barry, SNDdeN, President Notre Dame Academy

Our experience in working with you has been very positive. Starting with the Master Planning Process, and moving through design to construction you and your staff provided us the leadership, direction and professionalism that we were looking for.
Steve Glasser, President Trinity Jr/Sr High School

Thank You.

St. Peter's Basilica, Vatican, is the largest church in the world. Its size creates special challenges for an organ. Large scaling of an instrument creates excessive volume near the organ, but still not enough to fill the entire sanctuary. The Vatican chose an Allen Organ with a flexible audio solution to resolve this challenge. During the 2017 Christmas Eve celebration, a new Allen GeniSys Organ was used throughout the Mass, as heard worldwide in a live telecast.

Allen Organ Company has installed organs in many prestigious institutions. Now, including the Vatican on the top of this list is humbling.

I offer a huge "thank you" and congratulations to all involved in the many efforts and events over the years that led to this amazing story.

Sincerely,

Steven A. Markowitz, President
Allen Organ Company

CATHOLIC MEMORIAL SCHOOL

For nearly 60 years, Catholic Memorial School and its **dynamic faculty** have been transforming boys' lives. Students come to CM because they strive to excel academically, athletically, artistically, and have the desire to help others. Our faculty is here for the same reasons. The close interaction between our boys and teachers allows our young men to learn and mature in a school that is often referred to as "home."

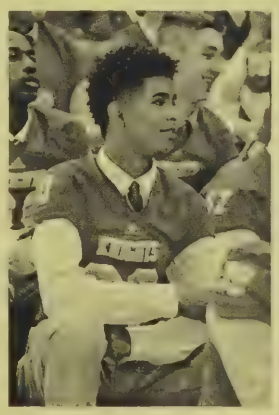
Catholic Memorial believes in the inherent giftedness that all boys have within them. We provide a 21st century education in an environment rich in **intellectual and faith development**, specifically designed with young men in mind.

The academic program at Catholic Memorial is not only geared toward mastering a body of secular knowledge and acquiring the skills necessary to succeed in higher education, but also towards confronting the challenges of the world with **compassion and justice**.

In the tradition of the Christian Brothers, our students put their faith into action through worship and service to others. They travel to over 10 locations around the globe each year to perform service work through the Blessed Edmund Rice Solidarity Initiative (BERSI).

At CM, we emphasize **tradition and innovation**, a classical educational framework which incorporates a broad science, engineering, technology, and math (STEM) curriculum. CM offers over 20 AP courses and boasts a 100% college acceptance rate. Our graduates are ready for the demands of the most prestigious colleges and universities in the country.

CM is **a diverse community** where middle and high school students, representing close to 100 zip codes, are encouraged to discover, cultivate, and share their deepest passions.



The CM Knights uphold the school's **fine athletic reputation**. Our athletes learn sportsmanship, perseverance, and dedication through committed coaches and the athletic classroom. From seventh grade through graduation our students are engaged in **a wide variety of co-curricular activities** such as television production, art, music, theater, Model UN, and creative writing.
